ALL BIDDERS PLEASE READ

Terms Governing This Sale

Bidders unknown to us will please furnish bank or other references or deposit 25 per cent with their bids, and it is agreed that remittance will be made upon receipt of invoice if references are not furnished.

Any coin which is not satisfactory may be returned within five days from date of receipt for full refund. **You must be satisfied. PAYMENT TO BE MADE UPON RECEIPT OF MERCHANDISE.** Coins remain our property until paid for. There will be no charge for executing your bids but the purchasers will be required to pay the postage and insurance on their purchases. If you do not wish coins sent airmail please note this on your bid sheet.

We shall welcome your bids and will try to purchase the coins as much below your bids as possible. **PLEASE BID BY THE LOT.** Unlimited bids are executed at an advance of 5 per cent over the next highest bid. Numbers in () are the quantity of that item.

If you are interested in any particular coin, we shall be glad to have you write us for full information. **LOTS CANNOT BE BROKEN.** Be sure you bid on the correct lot as we cannot be responsible for errors in bidding.

NOTICE TO NEW BIDDERS

Our Mail Auction Sales Are Conducted in the Following

1. Bids are entered in the order received; if identical bids are received, the first bidder is awarded the lot. **SEND BIDS AIRMAIL—IT PAYS.**

2. The highest bidder on the date of the sale is awarded the coin at a slight advance over the second highest bidder. **Bids you send in are the maximum you are willing to pay for the coin. WE, AS YOUR AGENT, TRY TO BUY THE COIN AS LOW AS THE NEXT HIGHEST BID WILL ALLOW.**

3. Valuations placed in the auction catalog are catalog price, prices generally asked by dealers when the coin is in stock, or prices generally realized at auctions.

ANY COIN WHICH IS NOT AS REPRESENTED MAY BE RETURNED WITHIN FIVE DAYS FROM DATE OF RECEIPT FOR FULL REFUND. **YOU TO BE THE SOLE JUDGE AS TO CONDITION. YOU MUST BE SATISFIED.** No, you won't receive a nasty letter for returning a coin—instead you will receive a letter thanking you for calling attention to the error made in cataloging. While we try to describe coins as accurately as possible, it is inevitable that an occasional error is made in the cataloging of thousands of coins each month. Whenever this happens, we want it called to our attention to help prevent future errors.

The coins will be on display the day of the sale at our offices and can be seen by appointment any day prior to the sale.

If you are not interested in these sales, won't you advise us so we may discontinue sending you catalog.

IS THIS YOUR FIRST AUCTION CATALOG?

14th EDITION GUIDE BOOK AND 18th EDITION STANDARD CATALOG
USED IN CATALOGING THIS SALE

Scarce gold, rolls, proof sets, small cents, proof gold and currency seem to be rising the most rapidly at present with most bringing close to listed values and a great number bringing even more. Many are rising from month to month with a number "just not obtainable." The coins most in demand working, these coins number of bidders and with the law of supply and demand working, these coins keep setting new records.

Occasionally a collector writes us asking why our estimated values in some instances are higher than the catalog listing. This occurs when the demand is so great and the supply so small that new records are set whenever these coins come upon the market. If one will take a few moments to reflect, he will understand that it takes several months to compile the necessary information before the catalog can be published, therefore, it is inevitable that the catalog listing will be under the prevailing market price on the items in popular demand at the time of the publication. **The estimated prices are entered only after careful examination of the results in our past sales which reflect the actual and not theoretical value. (PLEASE NOTE THAT MANY OF THE ESTIMATES ARE CATALOG VALUE ONLY. MANY OF THE GOLD COINS, SILVER \$1, WASHINGTON QUARTERS, ETC. ARE ESTIMATED AT CATALOG.)** In the final analysis, you the collector, are the one who sets the price.

BIDS ARE RECORDED AS FOLLOWS: Each bid sheet is given a number as it comes in, and the bids are recorded. In the event of identical bids, the first bidder receives the lot. At the last day of the sale, the books are closed with the highest bidder on each lot being awarded the lot at an advance of not over 5% above the next highest bidder. For illustration—the two highest bids received on a lot may be \$17 and \$20. The highest bidder who bid \$20 would receive the lot at \$17.25. We act as your agent and use your bids as a limit—not as a final bid unless we are forced to do so to obtain the lot. We accept unlimited bids which generally assures the bidder of obtaining that lot regardless of what the highest bid may be. Where the lot is bringing far more than we believe it is worth or in the event of two unlimited bidders on the same lot, we notify the unlimited bidders by phone or wire, if necessary, in order to obtain a fixed limit to the bid. Even tho auction purchases are supposed to be final, we do not want you to keep any lots which you believe are improperly described. We endeavor to treat our customers as we would wish to be treated. Coin collecting is a personal hobby which makes life a little more pleasant. We try to keep it on a friendly basis and value the many friends we have made thru the years. If you have any complaints, we want to hear them as well as any compliments.

**YOUR SUCCESSFUL BIDS WILL INSURE YOUR RECEIVING
SUCCESSIVE CATALOGS WITHOUT INTERRUPTION.**

BARGAINS GALORE

In every sale, some lots go at "bargain prices." May we suggest that in addition to bidding on those lots you "really want," you place nominal bids on those lots that "you might buy if they went at bargain prices." While you may not obtain many of these "bargain lots," yet in every sale you may pick up some real bargains.

Sincerely,

A. M. KAGIN and PAUL KAGIN

YOU MUST BE SATISFIED

Our Sales Are Cataloged With You in Mind. If you have any suggestions, complaints, compliments (yes we receive some now and then), we want to hear them. Having cataloged over two hundred twenty-five successful coin auctions, we believe we are qualified to advise and help you with your numismatic problems. No, we don't "know-it-all" but we do know where to obtain the information we don't have.

We have a number of want lists on hand for the scarce and rare United States coins and currency. Our average commission for obtaining these specimens is only 10 per cent, therefore we believe we can pay the top price for your choice and scarce pieces, no matter how rare. Don't you think it is worth a 7c airmail stamp to find out what we would pay for your outstanding pieces? naturally we buy collections, too.

SOMETHING NEW HAS BEEN ADDED

We wish to call your attention to the new service extened as per the bottom of the **bid Sheet**. After receiving requests to apply the amount saved in the awarding of successful bids below the bids authorized we decided to avail this service to all of our clients. It is often exasperating to lose a lot by a few nickels when the amount saved on the successful bids would have been sufficient to increase the original bid to the point necessary to receive the lot. Check the bottom of your bid sheet.

TRADE DOLLARS

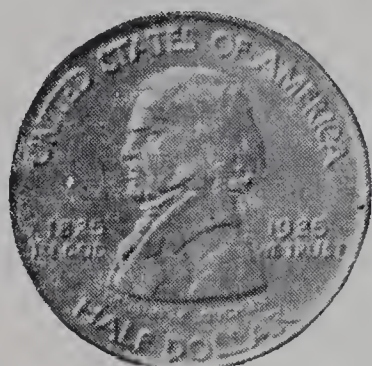

The U.S. "Unwanted Coin." The ONLY U.S. COIN REPUDIATED BY THE GOVERNMENT. It was demonetized and is only worth its bullion value to the government. The great majority, unlike other U.S. coins, have been melted. Of those remaining in existence, many have been chop-marked from circulating in the Orient. Collectors are now beginning to realize just how scarce some of these really are.

TWO CENTS

Issued only from 1864 thru 1873. The FIRST U.S. COIN TO BEAR MOTTO "IN GOD WE TRUST." After a steady rise in values, we note a quickening pace in both interest and values during the past few months. No doubt this will be reflected in the next catalog, particularly in the better grades of condition.

THREE CENTS SILVER

The smallest U.S. coin issued. After issuing fairly large quantities in 1851-52-53, it was seen that the coin was too small and too thin. Even tho some changes were made in 1854 and again in 1859, it was seen how impractical the coin was. The coin was struck in deminishing quantities from 1854 to 1862 for circulation and very few of these dates have survived. The series, particularly the later dates, appears to be somewhat undervalued with their true scarcity.

MODERN MINT SETS 1909-1958

This is the MOST COMPLETE set of mint sets that we can recall cataloging in any of our 237 sales. With the government now issuing mint sets, this type of collecting has become quite popular. Many of these early sets are now quite elusive and difficult to assemble piece by piece. Judging from the increase in values over the years, they should continue to show substantial rises in values

during the coming years as well. ALL MINT SETS ARE MOUNTED IN HOLDERS.
Many bring over catalog, when available, especially so choice.

SWEDEN COPPER PLATE MONEY

Issued during a shortage of silver, these huge flat plates of copper were issued for "big money". These are properly "museum pieces" with most specimens that have survived now being housed in museums. Whenever they are displayed, they are "Attention-getters". They are quite popular for display in store window (especially during "coin week")s clubs, conventions, etc.

1181	1869 Very fine. RARE. Seldom offered. _____	75.00

1185	1873 Open 3, Brilliant Uncirculated. Catalogs _____	75.00
1186	1873 Open 3, Brilliant with PROOF surface. A gem acquired as a full proof last year at \$150. We note proofs now catalog ____	195.00

1189	1873 Closed 3 ,resembles 8) appears to have been struck as a PROOF, while some of the original proof surface is gone, still there is considerable proof luster still adhering. RARE VARIETY only now beginning to be recognized for the rarity it is. The catalog lists this at \$75 for unc. and in proof at _____	195.00
1190	1877 PROOF WITH ORANGE TINT. ONLY 20 ISSUED. THE LOWEST ISSUE OF PROOFS FOR ANY DATE! Over a year ago, specimens were bringing \$250; should now bring closer to ____	300.00
1191	1878 Very nearly Uncirculated with luster. RARE SMALL ISSUE. Now approaching _____	100.00
1192	1879 Brilliant Uncirculated. RARE SMALL ISSUE. _____	100.00

1193	1880 Brilliant with PROOF surface. The type generally sold as a full proof (very deceptive—so closely resembles a full proof that probably 8 out of 10 dealers would call it a proof). THE SMALLEST ISSUE LISTED FOR THE PHILADELPHIA MINT NEXT TO 1875! Acquired last year at \$140; if a dealer is the successful bidder, we'll wager it will have a price tag on it of closer to	200.00
1194	1881 Brilliant Uncirculated GEM with some PROOF surface. A lovely specimen of this SMALL COINAGE date rapidly approaching	100.00
1195	1882 Brilliant with PROOF surface. A lovely specimen nearly the equal to a full proof. RARE SMALL ISSUE. Well worth the catalog value (proof) of	100.00
1196	1883 BRILLIANT PROOFLIKE GEM. We hesitated quite a while on this one whether to call it a full proof or a prooflike gem. Probably 8 out of 10 would call it a full proof which brings over catalog value of	100.00
1197	1884 Extremely fine. SCARCE. Small issue.	50.00
1198	1885 GLITTERING PROOF WITH ORANGE TINT. RARE. Now approaching	100.00
1199	1886 OVER 5 (some "experts" say it is an overdate and some say it is a re-engraved date) Brilliant with PROOF surface. One of those "deceptive proofs" generally sold as proofs. It is a lovely specimen having old records around \$100 it, should now bring closer to	125.00
1200	1887 PROOF with orange tint. RARE. Now approaching	100.00
1201	1888 Very nearly Uncirculated. SCARCE.	45.00

1208	1932 \$½ size, similar but Discus thrower, PROOF surface, mounted in plastic. SCARCE.	50.00

With the sharp increase in collectors and demand for this series, specimens prior to 1834 have literally disappeared from the market. Most of the smaller issue dates have also disappeared from the market. The catalog value for these two categories of this popular series is meaningless as far as determining present day values. They generally bring from double to quintuple catalog (some even more) when offered at auction (which is a good gauge of what the market actually is—what someone is willing to pay). Those desiring to bid on other than the "commoner" dates would do well to study the prices realized at auction during the past year before bidding.

1209 1796 NO STARS (ONLY YEAR TYPE) VERY NEARLY UNCIRCULATED. A CHOICE SPECIMEN SHOWING ONLY SLIGHT FRICTION ON HIGHEST POINTS. In remarkably strong demand with new records literally being set every time offered. The last comparable specimen we saw was at the A.N.A. convention in August (we didn't think it was quite the equal of this one) was priced at \$4850.00; this choice one should bring well over \$5,000.00. At the present rate of rise in value, by this time next year, it should be closer to\$7500.00

1210 1796 TYPE II 16 STARS (States) ADDED TO OBSERVE, a CHOICE SPECIMEN ACQUIRED AS UNCIRCULATED, and it appears to be nearly that. Close examination with a glass shows only the barest rubbing on the very highest points. THE GUIDEBOOK STATES ONLY 66 SPECIMENS WERE ISSUED —THE SMALLEST ISSUE OF ANY \$2½ GOLD LISTED THAT WAS ISSUED FOR CIRCULATION (the 1841 and 1863 were issued only in proof for collectors). AN EXTREMELY RARE COIN only now beginning to be recognized for the outstanding rarity it actually is. With the sharp increase in collectors of \$2½ gold the last two years, we would not be surprised to see this remarkably choice specimen bring in the neighborhood of\$5000.00

1211 1798 TYPE IV, 13 OBVERSE (6x7) & 13 REVERSE STARS (it was soon realized how impractical it would be to add a star for each new state) 5 BERRIES ON REVERSE (usual 1798 has 4 berries — why the guidebook lists the 1805 10c with 5 and 4 berry reverse and not the 1798 \$2½ we do not know) AS LISTED IN THE STANDARD CATALOG. A definite MAJOR VARIETY which should be listed in future editions of the guidebook. AN EXTREMELY RARE COIN NOT EVEN PRICED IN THE STANDARD CATALOG WHICH INSTEAD HAS "EX. RARE". This CHOICE specimen has some PROOF-LIKE SURFACE with only the barest trace of rubbing in field. AN OUTSTANDING RARITY OF WHICH ONLY 5 OR 6 ARE SAID TO BE KNOWN, ABOUT THE SAME RARITY AS THE 1841 WHICH HAS A MARKET VALUE TODAY OF ABOUT \$7,500.00. What this rarity will bring today, In the final analysis, must be determined by you, the bidder. Here is an opportunity to acquire a top rarity before it is listed in the catalog and the resulting demand shoots it up to the price in keeping with similar rarities.

1212 1802 TYPE V, 8X5 STARS, acquired as "UNLISTED PERFECT DATE." We have checked the coin carefully and do not find any traces of an overdate as listed in the catalog. The coin is extremely fine. Acquired last year at \$1,000.00. With the sharp increase in values for this series during the past year, it could very well bring the owner's idea of value of _____ 1500.00

1213 1804 ERROR REVERSE DIE with 14 STARS, probably struck from the 14 STAR 10c REVERSE DIE (same size) extremely fine. Why the catalog lists the 10c 1804 with 14 and 13 star reverses and not the \$2½, we do not know. We believe this oversight will be corrected, then watch this GREAT RARITY rise to its proper level of value. Acquired last year at _____ \$2500.00

1214 1805 TYPE VI, 7X6 STARS, acquired as a PROOF and possibly it is, as it does have a nice even orange PROOF surface. It also appears to be more sharply struck than most specimens of this date that we have seen. A MOST REMARKABLE SPECIMEN, IDEAL FOR DATE OR TYPE. Cost \$1250.00 last year; should now bring well over _____ 1500.00

1215 1821 TYPE VIII, LARGE HEAD LEFT IN CAP, NO STARS REVERSE, very nearly Uncirculated. VERY RARE. In great demand both as a date and a type. Based on a ratio of supply versus demand, this RARITY should be worth at least _____ 1000.00

1216 1834 TYPE X, SMALLER, NO MOTTO, a choice specimen acquired as a PROOF which it may well be; it does have a high broad border as well as a PROOF surface generally associated with a proof. Close examination with a glass does reveal the barest traces of rubbing in the field. Acquired last year at _____ 750.00

\$3 GOLD

The rise in value of this popular series during the past two years has been little short of phenomenal. The "commoner" (if one can call any \$3 "common") \$3 have literally doubled in value with some of the rarer dates tripling in value. This is easily understandable when one compares the small issues (from a few hundred to only two or three thousand for most dates) of \$3 with those of \$5, \$10, \$20 gold. We believe present day values will appear as "bargains" in the very near future. The true bargain, in our opinion, is the opportunity to acquire them. What good is a theoretical price if they cannot be obtained at the price? Here you have an opportunity to fill in the missing dates in your collection. Who knows how much the market will have advanced before you have the opportunity to again acquire those dates you need.

| 1313 | 1855 SECOND TYPE WITH LARGE "DOLLARS", PROOF. As characteristic of many of the proofs prior to 1858, this proof appears to be "Hastily or carelessly made" (research editor of standard catalog). While it has the proof surface and some of the other characteristics of the later proofs, it does not have all of them. This was not at all unusual, as proofs for collectors were a nuisance to the mint to be "gotten over in a hurry." It interfered with their regular work. EXTREMELY RARE. | \$1500.00 |

\$3 GOLD (Continued)

1319	1868 BRILLIANT PROOF not far from the gem class. ONLY 25 ISSUED.	750.00
1320	1869 Appears to be a PROOF which has been cleaned and now acquired a toned color. RARE. With a total issue of only 2500 for circulation plus 25 proofs for collectors, this date is in great demand. The catalog value is much too low at only ..	400.00
1321	1870 PROOF with yellow tint. VERY RARE. ONLY 35 ISSUED.	600.00
1322	1871 PROOF with orange tint. VERY RARE. ONLY 30 ISSUED. The Third Smallest Coinage issued for circulation 1854-1871! GREATLY UNDERVALUED IN KEEPING WITH ITS TRUE RARITY.	650.00
1323	1874 Very nearly Uncirculated, nice luster. We note unc. now bring over	150.00
1324	1878 Brilliant Uncirculated. RARE THUS. Now approaching	200.00
1325	1879 Brilliant with PROOF surface. A choice gem just about the equal of a full PROOF (it is easy to see why it was acquired as such). SMALL COINAGE. In this remarkable condition, should bring proof catalog value of	300.00

1326 1881 BRILLIANT PROOF. VERY RARE DATE. THE SMALLEST ISSUE OF ALL THE \$3 GOLD ISSUED FOR CIRCULATION! IF RARITY IS ANY CRITERION OF VALUE, THEN THIS DATE SHOULD BE VALUED CLOSER TO\$2000.00

1327	1882 with 2 OVER 2 in date (original 2 engraved much too high)) BRILLIANT PROOF. A major variety deserving of separate listing in the catalog. VERY RARE.	750.00
1328	1883 BRILLIANT PROOF, tiny nick on cheek. VERY RARE. THE THIRD SMALLEST ISSUE OF ALL THE \$3 GOLD ISSUED FOR CIRCULATION! Should be worth over	500.00
1329	1886 BRILLIANT PROOF. VERY RARE. THE FIFTH SMALLEST ISSUE OF \$3 GOLD ISSUED FOR CIRCULATION! Should be worth about	500.00
1330	1888 Brilliant Uncirculated GEM. RARE, ESPECIALLY SO CHOICE.	250.00

\$5 GOLD (HALF EAGLES)

In checking auction records during the past year together with the asking prices of those offered for sale at fixed prices, we note a steady rise in values. Evidently, enough increased demand has taken place to reveal which dates are undervalued and the adjustment (rise) in values has started to take place. Those interested in this series would do well to obtain as many as possible before this accelerated demand and rise in values progresses much further, as it seems destined to do.

1332 1795 SMALL EAGLE, BRILLIANT UNCIRCULATED FLAWLESS GEM WITH NEEDLE-SHARP STRIKE. THE STARS HAVE PERFECT POINTS IN THE CENTER AND THE HAIR LINES OF LIBERTY ARE NEEDLE-SHARP. THE EAGLE IS SO CAMEO-SHARP THAT IT APPEARS READY TO TAKE OFF AND FLY. POSSIBLY AN EQUAL SPECIMEN MAY EXIST (if it does, we cannot recall seeing it) BUT CERTAINLY NO SUPERIOR ONE DOES! If you are looking for a PERFECT PIECE for a Type Set, this is it! It is very difficult to value such a piece which may possibly be unique in this remarkable condition. If someone were to offer us \$2,500.00 to duplicate this CAMEO-SHARP GEM, we doubt if it could be done. Bid whatever you feel this OUTSTANDING PIECE is worth to you, keeping in mind that this may literally be a "CHANCE OF A LIFETIME" to acquire what possibly may be the CHOICEST KNOWN SPECIMEN.

1333 1795 Small Eagle ERROR DIE with FINAL "S" IN STATES ENGRAVED OVER THE ORIGINAL "E" (STATEE) very fine as to wear but reverse shows where the coin has been removed from a pin. VERY RARE. 750.00

1334 1795 LARGE EAGLE, extremely fine, center of obverse and reverse not quite as sharply struck as the balance (probably struck from buckled die, accounting for the very few struck before die was discarded). ONE OF THE RAREST COINS OF THE ENTIRE \$5 GOLD SERIES! In checking back thru our records of the past twenty-five years, we can find where we had the privilege of offering only one other specimen in all our 236 previous sales! We are thus forced to conclude that this OUTSTANDING RARITY RANKS WITH THE 1815 (10 known—catalogs \$3,250) or 1824 (7 or 8 known—advertised in Sept. Scrapbook at \$4,950). In demand by date and FIRST YEAR OF TYPE collectors.

\$5 GOLD HALF EAGLES (Continued)

- 1335 1796 OVER 95 Small Eagle, a choice specimen showing only the barest friction. VERY RARE. According to our records, this coin is offered only about once to every ten 1795's small eagle. Easily worth over 1000.00**

1336 1797 TYPE II, 16 STARS (1795, 1796 15 stars for states) (Tennessee admitted as a state) Small Eagle reverse, BRILLIANT UNCIRCULATED WITH PROOF SURFACE. VERY RARE DATE IN REMARKABLE CONDITION. THE ONLY TYPE II \$5 GOLD (with the exception of the 1798 small eagle of which only 5 are known) (type III is the 1797 over 5 with large eagle). Based upon previous records (the few times it has been offered) and the many want lists we have on hand, we believe this RARITY IN TOP CONDITION will realize close to\$4000.00

- 1337 1798 TYPE IV, 8X5 STARS (impractical to add a star for each new state—standardized at 13 stars for original 13 states) LARGE HERALDIC EAGLE, Large 8 in date, 13 Stars reverse, nearly Uncirculated reverse and while most of the obverse is quite sharp, the center seems to have been softly struck resulting in the center obverse appearing very fine. Acquired last year when the catalog had this major variety listed for the first time but UNPRICED (altho it did price the 1798 small eagle at \$3,000). Cost \$750.00 altho we since have seen it valued somewhat less. In demand for a "date in the 1700's."**

1338 1798 ERROR DIE with Large 8 in date and 14 STAR REVERSE (engraver really "goofed" as was also done in 1804 10c and \$2½). A CHOICE SPECIMEN SHOWING ONLY BAREST TRACE OF FRICTION, CONSIDERABLE LUSTER. ONLY 5 SAID TO BE KNOWN BY A LEADING AUTHORITY! Only 5 are also said to be known of the 1798 small eagle which was listed in the catalog last year at \$3,000.00. Perhaps the price being asked recently by another dealer of over \$1,000.00 is commensurate with its rarity.

- 1339 1799 Choice very nearly Uncirculated. VERY RARE DATE. Seldom available. A greatly undervalued date. 350.00**
- 1340 1800 Variety with small reverse stars, extremely fine with some luster. Market now approaching 200.00**

- 1342 1804 Small 180 over Large 180 in date, a choice nearly Uncirculated specimen of this MAJOR UNLISTED VARIETY. RARE. 400.00**
- 1343 1805 Mounted in plastic lettered "\$5 GOLD, 1805 PROOF." It is indeed a lovely specimen with PROOF surface. A tag accompanying the coin has the price thereon of 750.00**

1392 1797 TYPE III, 12X4 STARS, SMALL EAGLE, UNCIRCULATED WITH PROOFLIKE REVERSE. VERY RARE DATE IN CHOICE CONDITION. Many times more rare than the above two small eagle types. In this remarkable condition, easily worth\$1500.00

1394 1798 OVER 97, TYPE V, 9X4 STARS OBVERSE (stars standardized at 13 after seeing how impractical it was to add a star for each new state) BRILLIANT UNCIRCULATED GEM WITH PROOF SURFACE. A MOST REMARKABLE SPECIMEN OF THIS OUTSTANDING RARITY The standard catalogue indicates its rarity by having "VERY RARE" in place of a price for its value. Trying to arrive at a value based on the true rarity of this date in addition to its remarkable state of preservation (have seen a circulated one valued at \$3,000.00) we arrive at a figure in the neighborhood of\$5,000.00

1395 1799 TYPE VII, 8X5 STARS, small obverse stars very nearly the size of those on the 1798 (most 1799's have HUGE stars—type used 1799-1804), UNCIRCULATED with orange tint. RARE. Approaching 500.00

NATIONAL GOLD BANK NOTES OF CALIFORNIA

While National Bank Notes were issued in the rest of the country starting in 1863, the gold tradition was so strong in California that the people would not accept paper money. During the Civil War, gold coin commanded a varying premium over paper money. The combination of a plentiful supply of gold coin and a discount for paper money kept California from following the rest of the country with National Banks. Finally, by a special authorization, California was allowed to charter NATIONAL GOLD BANKS with the notes REDEEMABLE IN GOLD ON DEMAND! Since the regular nationals could not be redeemed in coin until 1879, these gold bank notes enjoyed an active circulation in California. In fact, Friedberg states in his Paper Money book "These notes were readily accepted in California at par with gold, and they went through a long life of active and useful circulation." Any National Gold Bank Note in crisp new condition is practically unheard of and is an outstanding rarity. The general condition in which these notes are found is one of advanced circulation and notes in very fine or better condition are extremely rare. In addition, it may be stated that all these notes, regardless of their preservation, are very rare today, and are greatly in demand by collectors." **THESE NOTES HAVE A REVERSE SHOWING A GROUP OF \$1-\$2½-\$3-\$5-\$10-\$20 GOLD COINS.**

\$1 CALIFORNIA GOLD - OCTAGON

All are genuine and are not to be confused with the modern souvenirs. We note a sharp increased interest in this series resulting in new records being set. Collectors have finally realized that these are the most reasonable CALIFORNIA GOLD COINS to collect. How long they can remain "reasonable" in the face of the growing demand is a matter of conjecture.

SMALL TERRITORIAL & STATE GOLD

Nearly all are listed in Burnie and have become quite popular in recent years. The trend seems to be to include them in commemorative gold and silver collections. Many of these were issued and sold at the 1915 Panama Pacific Exposition along with the 50c, \$1, \$2½ and \$50 gold of the U.S. Government. All are now scarce with many rare. Not to be confused with modern tokens—none struck after 1932.
